

NIST Centennial Celebration at PittCon 2001

Symposium:

NIST Contributions to

**Chemical Measurement Science and Technology:
A 100-Year Perspective**

Sunday, March 4 (1:30 - 5:00)

***NIST Activities in Chemical Measurement Science:
A Historical Perspective***

Monday, March 5 (8:30 - Noon)

***Impact of NIST Chemical Measurement and Standards Programs:
Customer Views***

Monday, March 5 (1:30 - 5:00)

***Impact of NIST Activities in Chemical Measurement Science:
International Perspective***

Monday, March 5 (5:30 - 7:00)

**Mixer/Poster Session: *“NIST Activities in Chemical Measurement Science and Their
Impact on U.S. Industrial Competitiveness, Trade, and Environmental and Health-
Related Decision Making”***

Tuesday, March 6 (8:30 - Noon) *Looking Ahead:*

Chemical Measurement Methods, Standards and Technology Needs for the Future
